A new exhibit featuring photographs by Blue-Green, curated by Francisco Lefebre, will be up through Nov. 1, 2018 with reception **Monday, Oct. 5, from 5-7pm at the Peace Center.** Photographs will be available for purchase.

A note from Blue-Green: “My birth name is Isak, preferred name is Blue-Green -- I was born in Mexicali, MX and grew up in Los Angeles in the 1990's. All of my family have "illegal criminal alien" status. Beautiful brown people. I will be talking about my experience resisting colonialism while being undocumented. Shedding fears. To organize. To protest con passion (with love and with arts) while working to abolish immigration detention centers and supporting loved ones inside. Practicing self love. Unlearning patriarchy, machismo, homophobia, and anti-blackness. Let’s get free!”

The exhibit is part of the Mapping Albuquerque Project, which seeks to develop and disseminate interdisciplinary and multidisciplinary research on the social, economic and cultural impact of migration and immigration in the city of Albuquerque.

**Thanks to Irene Vasquez of UNM Chicana/Chicano Studies for partnering with the Peace Center for this exhibit!** A panel called “Human Rights & Intersectional Coalition Building” will also be held October 4, 2-4 at UNM’s Experimental Theater, featuring Lazarus Letcher, Blue Green, Valeria de La Luz, and Mariella Saba, plus moderator Rebecca Schreiber. Book Talk to Focus on Health Care, Capitalism

Author Howard Waitzkin will give two local talks on his new book entitled, Health Care Under the Knife: Moving Beyond Capitalism for Our Health. These days, our health and well-being are sorted through an ever-expanding, profit-seeking financial complex that monitors, controls, and commodifies our very existence, and our access to competent, affordable health care grows more precarious each day. In this timely, empowering book, noted healthcare professionals, scholars, and activists—including coordinator Howard Waitzkin—impart their inside knowledge of the medical system: what’s wrong, how it got this way, and what we can do to heal it.

Howard Waitzkin is Distinguished Professor Emeritus of Sociology at the UNM and Adjunct Professor of Internal Medicine at the U. of IL. His work has focused on health policy in comparative international perspective and on psychosocial issues in primary care. He has been active for years in the struggles for national health programs in the United States and Latin America. He is the author of Medicine and Public Health at the End of Empire, among other books. Howard will be speaking on Monday, Oct. 1, Noon at the UNM Bookstore (Cornell Dr. NE & Central Ave) and 6pm at Bookworks (4022 Rio Grande Blvd NW). For more info, email waitzkin@newmex.com.

Advance screening of PBS film on Devastating Native Child Removal

Dawnland, a film by Adam Mazo and Ben Pender-Cudlip, tells the story of the first government-sanctioned truth and reconciliation commission in the U.S., investigating the devastating impact of Maine’s child welfare practices on Native American communities. With intimate access to this groundbreaking process, the film reveals the untold narrative of Indigenous child removal in the United States. From the point of view of the Passamaquoddy people, this documentary discusses the role of non-Indian people as allies and reveals the recent history of genocide against Native American people.

This Indie Lens PopUp screening takes place at the Peace Center, Thursday, Oct. 18, 6-8pm, sponsored by New Mexico PBS and Whites Working Against Racism (WWAR), a group formed at the request of the Anti-Racism Training Institute of the Southwest. WWAR’s members took the two-day “Undoing Racism” training held by The People’s Institute for Survival & Beyond. The event is free, but RSVP requested: dawnland_screening.eventbrite.com.

Vets for Peace Passes Resolution Against Privatization of VA Medical Services

On Thursday, Sept. 13, the United Veterans Council of New Mexico passed a resolution against the privatization of the Veterans Administration medical services. The UVC is a non-profit coalition of more than 30 chartered and federally recognized veterans service organizations and affiliates established in 2007. They strive to provide a forum for the free exchange of information between veterans organizations, state agencies and the U.S. Department of Veterans Affairs. The council President is Ken O'Keefe, the website is uvcnm.org.

The resolution was introduced by the delegate from The Donald & Sally-Alice Thompson Chapter of Veterans For Peace of Albuquerque and was approved without opposition.

Resolution Against Privatization of the Veterans Administration

Whereas, the Congressional Budget Office estimated the VA cost for private care would be 10% higher than the payment rates for Medicare and the Physicians for a National Health Program states the medical costs at the VA are 20% lower than Medicare rates, therefore costs for private care might be 30% higher than the same care provided by the VA, and

Whereas, the RAND Corporation's decade of research found that VA provided care is equal to or better quality than private sector care in all forty-seven quality-of-care measurements comparing VA outpatient care with comparable civilian facilities, and

Whereas, the Department of Veterans Affairs is better equipped than most community providers to coordinate complex physical and mental healthcare for combat veterans, and

Whereas, in a bipartisan survey by Lake Research and Chesapeake Beach Consulting 80 percent of veterans polled oppose turning VA health care into a system of private sector vouchers inadequate to cover costs;

Therefore Be It Resolved that United Veterans Council of New Mexico...

1. Supports policies that provide necessary resources to serve veterans by maintaining a robust Federal Government Veterans Health Administration;
2. Supports policies that would create integrated health care networks for veterans with the Veterans Health Administration, serving as the coordinator and primary provider of care when and where needed as determined by the VA medical staff to ensure timely and convenient access for all enrolled veterans.
3. Opposes privatization of medical and psychological care for our Veterans.

The Blessing of the Pets

Francis of Assisi was known for his love of Nature, and Nature's creatures. He always referred to them as Brother or Sister, i.e. Brother Sun, Sister Moon, Brother Wolf, etc. Because of his love for Nature he has been designated the Patron Saint of the Environment.

To honor his love of Sister Mother Nature, and to remind us of our part in the environment, there will be a blessing of our furry, or feathered, or scaly family members. Fr. Frank Quintana, from our PAJOLA member Blessed Oscar Romero Catholic Community (BORCC), will be available for the blessing of our pets, Thursday, Oct. 4, from 3:30-5pm in the P&J parking lot. For more info, email quintanaf@msn.com.
